

Franklin County Sheriff's Office

2007 Annual Report

FRANKLIN COUNTY
SHERIFF

FRANKLIN COUNTY HALL OF JUSTICE
369 South High Street Columbus, Ohio 43215 (614) 462-3360

New changes in the laws regarding sexual offenders have placed more demands as an unfunded mandate on this office. Also, changes to public-records laws, along with increased problems with illegal aliens have added additional responsibilities on personnel. The immediate accessibility to the sharing of high-profile and sensitive information is critical and increasing. Technology is extremely critical requiring constant need for review and updating of software and equipment.

The following areas showed a significant increase: felony arrests increased by 61% (1,192), with a 45% increase in misdemeanor arrests (3,797), non-crash citations increased 31% (16,569), vehicles impounded increased 23% (3,150), robberies increased by 50% (162), and the number of registered sexual offenders increased by 404 to 2,377.

This information, notwithstanding the total increase of all of our required duties, shows the demands placed on this office. There is an overwhelming need to efficiently and effectively respond to the increase in the demand for service critical to the safety of the citizens we serve.

Respectfully,

James A. Karnes
Franklin County Sheriff

Mission Statement

The Franklin County Sheriff's Office, Columbus, Ohio, is a full service law enforcement agency, an arm of the courts, and the custodial keeper of those who break the law. It is the mission of the Franklin County Sheriff's Office to protect the lives, and property of the citizens of Franklin County, to preserve the peace, and to prevent crime and disorder while constantly guarding personal liberties as prescribed by law. This must be done with honor and integrity, conducting ourselves with the highest ethical standards to maintain public confidence.

To achieve this mission we must develop and provide:

- A well-trained and disciplined Patrol Division capable of assessing and responding to the changing needs of the community, to include delivery of swift emergency response, when required, supported by a well-trained support staff responsible for tracking statistics relating to accidents, DUI Task Force data and vehicle impound information.
- A skilled and experienced Criminal Division designed to bring criminal offenders to swift and impartial justice, to meet the needs of the victims of crime, to track criminal activity, such as organized crime, narcotics trafficking, vice and gambling violations, the registration, tracking and notification regarding sexual predators, and to enforce criminal warrants and fugitive apprehensions. Included within the Criminal Division is the Civil Division which is designed to process and serve all court and court-related documents.
- A skilled and well-trained Corrections Division designed to accept into custody those persons legally committed to jail and to provide for their health, safety, and well-being, and to safeguard their property, in accordance with the provisions of applicable Federal and State laws. Included within the Corrections Division is Courts Services that is designed to move prisoners to and from the correctional facilities and the courts in a secure, safe and expedient manner, to provide security within the court house, and to respond to the needs of the judiciary.
- A Community Relations effort charged with educating the public about law enforcement issues with emphasis on the community's role and responsibilities with respect to the prevention of crime, and the education of school children through the DARE program.
- A well-trained Administrative Division to provide the Sheriff and staff with quality services, including employment services, financial guidance and support, accountable payroll information, efficient procurement and logistical services, that maximize the use of resources, to accurately and properly account for those services, and to prevent crime through community awareness. Included in the Administrative Division is the Training Division which is designed to provide staff with the necessary training to combat crime and to solve community problems that effect public safety.
- The Franklin County Sheriff's Office recognizes that it cannot fulfill its mission without community support. It is, therefore, imperative that a dialogue characterized by mutual trust and open and honest communication is maintained between the Sheriff's Office and the community. This communication must include a willingness to continually examine and modify policies and procedures to assure that the mission of the Sheriff's Office is accomplished in a manner compatible with the best interests of the community.

In Memorium

Jack R. Ellwanger
Deputy Sheriff

On Wednesday, June 15, 1960, Deputy Jack R. Ellwanger was killed instantly by a motorist while directing traffic at the scene of an accident on Sunbury Road. The motorist, according to Sgt. Harry Lewis, was traveling south and continued on after striking the officer. Deputies said that the youth returned to the scene after a girlfriend, who was with him, told him that he had hit a man. Gahanna police arrested him as he returned to the scene. He was slated at the county jail as Robert Maynard and held for investigation.

"We're a family, a fraternity. We're a profession that turns out for each other in times of sorrow." -Sheriff Jim Karnes

Sharon Moore
Lieutenant

Joseph Moore
Deputy Sheriff

In the morning hours of April 11, 1983, Lt. Sharon Moore and her husband, Deputy Joseph Moore, were enroute to their work location. A trailing vehicle operated by Sharon's ex-husband, William Bryant, fired upon their vehicle. A rolling gun battle continued through the eastern part of Reynoldsburg. Lt. Sharon Moore was struck in the head and Deputy Joseph Moore was struck in the chest as he exited their vehicle. Joe died en route to the hospital and Sharon succumbed to her injuries on May 5, 1983. William Bryant died at the scene as a result of a self-inflicted gunshot wound.

In Memorium

Ronald L. Coen
Deputy Sheriff

On Thursday, January 27, 1994, just two days prior to his 25th birthday, Deputy Ronald L. Coen was responding to assist as back up on a complaint. As he was traveling southbound on Stelzer Road, his cruiser hydroplaned on a flooded area created by recent rains. His vehicle slid off the roadway and struck a utility pole. Deputy Coen was pinned in the cruiser, after being removed he was transported to Grant Hospital where he later died as a result of his injuries.

"It's one of those things. It's difficult when you lose an officer, especially when you're there." -Sheriff Jim Karnes

Jeffrey A. Wehr
Deputy Sheriff

On Tuesday, January 20, 2000, Deputy Jeffrey Allen Wehr was assigned to oversee the kitchen at the county jail on Front Street. Around 5:30 p.m., Deputy Wehr did not respond to repeated calls on his radio, and a search began. After hearing the radio through a locked restroom door in the kitchen area, Sheriff Karnes ordered officers to force the door open. Deputies performed CPR on Deputy Wehr until Columbus Fire Medics arrived. Their efforts were to no avail, and Deputy Wehr was pronounced DOA as a result of medical reasons.

Patrol Division

The Franklin County Sheriff's Office Patrol Bureau is responsible for patrolling Franklin County and enforcing the criminal and traffic laws of the State of Ohio. Patrol deputies answer calls for services and complete written reports on crimes. In many cases they conduct the preliminary investigation on criminal activity. Patrol deputies respond to traffic accidents rendering aid to the injured, when necessary, as well as investigating the causative factors and conditions surrounding the accident. Patrol deputies also perform many support services to the other bureaus of the Sheriff's Office, such as executing arrest, probate and search warrants.

Detective Bureau

The Franklin County Sheriff's Detective Bureau is responsible for the investigation of criminal activity throughout Franklin County. This is accomplished by investigators interviewing victims, and witnesses, interrogating suspects, collecting and analyzing physical evidence and reviewing previous crime reports. The investigators document their efforts in a case file, which is presented to the Prosecutor's Office for the prosecution of the defendant.

Child Support

The Franklin County Sheriff's Child Support Enforcement Squad consists of two (2) full time Deputies and is under the direct control and supervision of the Fugitive Squad. The Child Support Enforcement Squad is responsible for locating and effecting the arrest of persons who are wanted for failure to pay their child support payments. These persons are felons who have been indicted by the Grand Jury of Franklin County, and misdemeanors which have been filed through the Domestic Courts. These two (2) deputies will also be responsible for traveling to other counties and to other states to affect the safe return of persons apprehended by other jurisdictions.

Court Services

Court Services has deputies assigned to Common Pleas and Municipal Court. It is their responsibility to bring prisoners from the jail into the courtroom for jury trial, pleas, bond hearings, extradition hearings, psychiatric hearings, and revocation hearings. Court Service deputies maintain security in the courtroom and are responsible for the paperwork generated by the legal proceedings on the prisoners. One deputy is assigned to Municipal Court as a liaison officer and represents the Sheriff's Office on all cases.

Administration

The Franklin County Sheriff's Administration receives and processes all money paid into the county treasurer following guidelines set by the State Auditor's Office. Administration also researches all request for money spent for the entire office prior to approval and signature. Additional duties include staff assignments and transfers, requests for extraordinary leave from work, training or educational request, actions for discipline and grievances, employee evaluations, approval of contracts and deeds on foreclosed properties. Staff is responsible for handling and distribution of U.S. Mail, maintaining legal and office files and composing of correspondence to and from the public and employees. All media concerns are handled or assigned through administration.

Finance

The Franklin County Sheriff's Finance/Purchasing Department oversees all financial and purchasing matters of the Sheriff's Office. It directs the annual performance-based program budgets for the office, which includes monitoring expenditures and performance measures, producing financial reports and projections, conducting financial analysis, and implementing fiscal control policies and procedures. This department represents the Sheriff by presenting budget, fiscal, and contract requests before the Board of County Commissioners for approval. The number of budget organizations within the Sheriff's Office has increased from 20 in 2001 to 34 in 2007. The dollar value of accounts payable for all funds has risen from \$11,229,648.19 paid in 2001 to \$13,435,922.22 in 2007.

2007 Budget Expense Summary by Program

Program	2007 Original Budget	2007 Final Budget	2007 Actual Expenditures
Administrative Support Program	\$1,709,563	\$1,677,168.98	\$1,678,571.89

Call for Service Program	\$2,906,023	\$3,157,513.67	\$2,639,072.32
Patrol Program	\$12,563,027	\$12,971,334.30	\$12,050,940.35
Information Technology Program	\$1,165,481	\$1,135,040.46	\$1,063,365.50
Total	\$86,259,074	\$87,415,225.91	\$84,104,586.08

The Finance/Purchasing Department also develops and administers contracts for police and dispatching services. Finance staff is responsible for managing all grants received by the Sheriff's Office including submitting applications and financial reports. Other duties of the department include writing competitive bid documents for products and services utilized by the office. Purchasing staff also have the responsibility for ordering, receiving, storing and distributing office supplies for the Sheriff's Office, as well as food, housekeeping, and laundry supplies for the correctional facilities.

Finance

Each year, the finance staff prepares two budget documents. The first is a tax budget required under ORC 5705.28 and is used as the basis for the annual operating budget for the following year. The second, and more important, document is the annual operating budget, which outlines how the Sheriff's Office expects to expend its appropriated funds, and what revenues are anticipated to be collected in the coming year. This budget includes requests for additional personnel as well as new and replacement capital equipment (i.e. vehicles, computers, etc.), which are justified through performance measures. A baseline budget is also developed for personal services, benefits, along with materials and services. Following the approval of the budget by the Board of County Commissioners, the Sheriff's finance/purchasing department begins the process of securing purchase orders, developing competitive bid documents, and vouchering invoices for payment of supplies and services.

In 2003, Franklin County embarked upon a new budget initiative of "Managing for Results," which directly links human, capital, and financial resources to achieve strategic results. This performance-based budgeting process is in stark contrast to the former budget process, which only focused on incremental costs to the prior year's budget. The focus is now shifted to each program's performance measures and total expenditures. Consequently, the Sheriff's Office developed a strategic business plan, outlining demand, output, results, and efficiencies for each of its program budgets.

The FY 2006 budget supported 11 programs contained in 4 lines of business. Through this structure of programs, 899 employees of the Sheriff's Office delivered numerous services to the citizens of Franklin County.

Human Resources

Director Patrick F. Garrity

Purpose: The purpose of the Human Resources Office is to provide human resources services to the Sheriff in order to enhance overall operations of the Office through effective hiring/placement practices, sound labor agreement processes, and efficient payroll and personnel management services.

Services: Besides recruiting, testing and hiring qualified applicants, Human Resources staff process employee transfers and performance evaluations, define and document job descriptions, conduct pre-disciplinary hearings and grievance hearings, schedule fitness for duty exams, coordinate the grievance and arbitration process, negotiate labor contracts, determine FMLA qualification, monitor qualification for and use of leave, process payroll, maintain personnel/medical/leave files, compile and update management reports, and develop policies and procedures.

Information Technology

The Franklin County Sheriff's **Information Technology Bureau** is responsible for maintaining the IBM AS/400 computer and its peripherals utilized by the correction facilities. Personnel are also responsible for the over 300 desktop computers and 60 printers used by the various bureaus in the Sheriff's Office. Information Technology personnel train and advise office personnel in the operation of their computers and sometimes perform minor repairs on the devices. The Information Technology Bureau design and maintain various databases used by several bureaus and unit within the Sheriff's Office. Personnel also design and produce various forms and documents by means of computer desktop publishing equipment.

Currently, the Sheriff's IT staff consists of 2 Data Security Specialists who are responsible for everyday desktop support, PC installations, and other help desk related issues. There is also 1 Systems Analyst who is responsible for designing, planning, and implementing new systems, as well as troubleshooting more difficult computer issues that arise, and is responsible for the Sheriff's CAD/RMS system implementation. In addition, there is 1 Programmer Analyst who is responsible for maintaining and developing custom databases and applications for the Sheriff's Office. Finally, there is an IT Director responsible for overseeing the entire IT Bureau. The staff members are on call 24 hours/day, 7 days/week, on a rotating basis.

The IT Bureau is currently involved with many large projects. These projects will all increase the efficiency of the Sheriff's Office and will reduce paper trails. These large projects include:

- Franklin County Justice Portal – this system will allow for electronic records to be efficiently saved and then easily accessed for statistical reporting, including incident reports, accident reports, and others.
- Field Based Reporting – this will allow for reports to be taken and then transmitted electronically from the field reducing the inefficient paper trails that are used today.
- National Incident Based Reporting System (NIBRS) Repository – this is a project that will make the Sheriff's Office the central repository for NIBRS data from all agencies within Franklin County.

TRAINING DIVISION

Major Michael Flynn

The Training Academy is responsible for the formal and in-service training of Deputies. On occasion, outside law enforcement agencies send their personnel to the academy for certain courses. The staff consist of one Major, one Lieutenant, one Sergeant, five Deputies and two Administrative Assistants. Deputy instructors are certified through the State of Ohio Peace Officers Training Council. Several deputies from the Franklin County Sheriff's Office are experts in certain law enforcement specialties, such as narcotics enforcement, explosives, firearms, dog fighting and the use of canines. They are used by the Ohio Peace Officer's Training Academy to instruct police officers from all over the State of Ohio. There are also fifty-two (52) deputies of various ranks who are certified instructors. They are assigned to the various bureaus of the office and are used, as needed, by the academy. The Sheriff's Training Academy is split into two separate bureaus, criminal and corrections. The Criminal Training Unit operates at the new training facility on Young Road in Grove City. This facility houses the Sheriff's new firing range where all firearms training as well as all tactical training is conducted for the Criminal Bureau. Additionally, various other law enforcement agencies utilize this facility for training.
